

AmeriPolish® SureLock™ Rejuvenating Cleaner

PRODUCT FEATURES

◆ DESCRIPTION

Cleanser and stain repellent rejuvenator for polished concrete

◆ USES

Cleaning diamond-polished concrete and rejuvenating stain repellance of AmeriPolish® SureLock™ Stain Protector finishing treatment. Rejuvenating Cleaner is part of the SureLock™ Color System designed specifically for coloring and polishing concrete floors. This product can also be used to gently clean concrete floors finished with products from other manufacturers.

◆ SELECTION CRITERIA

- AmeriPolish SureLock Rejuvenating Cleaner is a mild, pH neutral cleanser for polished concrete floors, specially colored floors.
- Rejuvenates water-repellance of stain protection application, especially in areas that are scratched or worn.
- Does not damage concrete surface (as do acidic cleansers)
- Low-odor, non-flammable, VOC compliant (< 40g/l)

◆ SUSTAINABILITY CRITERIA

Polished and exposed concrete floors are inherently sustainable because they eliminate the need for applied floor coverings. Exposed concrete floors are very durable, eliminating the need for periodic replacement of applied floor coverings.

It provides an easily cleanable floor with low-impact maintenance requirements (dry mop, wash with water or mild cleanser) that eliminates waxing and stripping chemicals, imposing low life-cycle impacts on the environment.

Surelock™ Rejuvenating Cleaner is water based and has no VOCs.

It is shipped in highly concentrated form to reduce transportation related impacts, packaging, and storage.

Reflectivity of polished and high sheen floors may help optimize lighting and reduce illumination-energy consumption. frozen.

◆ SAFETY PRECAUTIONS

WARNING – Before using or handling this material, read the Material Safety Data Sheet and Warranty. **EYE, SKIN, AND GASTROINTESTINAL TRACT IRRITANT.** Avoid contact with eyes, skin and clothing. Avoid breathing vapors or mists generated by this product. Use appropriate eye protection, respirator, and chemical-resistant gloves. Make sure rooms are properly ventilated. Open windows and use fans to achieve air movement. Material is not flammable, but if exposed to fire, material may ignite and produce irritating vapors and toxic gases (e.g., carbon oxides and peroxides). **KEEP OUT OF REACH OF CHILDREN. DO NOT TAKE INTERNALLY.**

◆ STORAGE AND HANDLING

Keep containers tightly sealed. Do not allow product to freeze, nor use product if it has been

AmeriPolish® SureLock™ Rejuvenating Cleaner

◆ COST

Comparable with conventional dedicated cleansers.

Claims must be made in writing and received within one year from date of product sale to original buyer. Sole remedy shall be replacement of product proven defective. Contact ADC for details of SureLock 10-Year Full System Warranty.

PRODUCT PROPERTIES

◆ COMPOSITION

AmeriPolish SureLock™ Rejuvenating Cleaner is a water-based concentrate cleanser and stain protection replenisher. It is pH neutral. It is intended to be diluted with water by the user.

◆ PROPERTIES

SureLock™ Rejuvenating Cleaner cleans polished concrete surfaces without damaging concrete or existing Stain Protector applications.

It adds repellance to the surface to protect scratches and other normal wear, rejuvenating SureLock Stain Protector application.

PRODUCT PLACEMENT

◆ PREPARATION

Any objects on floor that must be kept dry should be removed from the cleaning area. Sweep surface with a microfibre pad or vacuum to remove grit that could cause scratches.

◆ DILUTION AND COVERAGE

SureLock™ Rejuvenating Cleaner is shipped as a concentrate. Dilute with clean potable water:

For Autoscrubber: Mix 30 Oz. Rejuvenating Cleaner concentrate (1 bottle) per 30 gal water.

For Hand Mop: Mix 1 oz Rejuvenating Cleaner concentrate per 1 gal water.

Coverage is dependent on scrubbing equipment used.

◆ APPLICATION

Equipment: Apply SureLock™ Rejuvenating Cleaner with a mop or autoscrubber. Autoscrubber should be fitted with non-aggressive cleaning tools such as brushes. Do not perform regular maintenance with aggressive pads such as diamond-impregnated pads or other abrasives. Use of aggressive pads will wear away stain protection and may, in time, wear away color from concrete surface.

Clean using autoscrubber according to manufacturer's directions.

After cleaning, allow to dry before resumption of traffic.

◆ NEXT STEPS

Between cleanings, remove dust and debris with microfibre pad or dry mop.

Check wear of floor on a regular basis to determine if Stain Protector needs to be re-applied.

◆ First Aid

Ingestion: Induce vomiting by giving 2 glasses of water and place finger down throat. Call a physician. Never give anything by mouth to an unconscious person.

Eye Contact: Flush eyes with water for at least 15 minutes occasionally lifting eyelids. Get medical attention.

Skin Contact: Immediately remove contaminated clothes. Wash skin with soap & water. If irritation occurs get medical attention.

Inhalation: Remove victim to fresh air. If necessary, use artificial respiration to support vital functions. If adverse effect continues after removal to fresh air seek medical attention.
